The City Council & County Board of Commissioners met in a special session to discuss the formation of a joint City-County Planning Board. Commissioner Tyson opened the meeting and welcomed the members of the Council and others present. He then called on Attorney McRae who read the provisions of N. C. House Bill No. 1222 which empowers the establishment of such a board.

The provisions of the bill were discussed briefly as they were read. Several of those present spoke and expressed their views.

After considerable discussion, Councilman Rhodes suggested the formation of a committee to work with the City and County Attorneys and City Planning Director to study the requirements of an ordinance and to come back to the joint assembly with suggestions for an overall plan for the establishment of a joint planning board.

Attorney Tally then suggested that Mr. Rumbough, City Planning Director, draft an ordinance, submit it to him and he would in turn confer with Attorney McRae and then, if satisfactory from a legal standpoint, give to representatives from the city and the county for study.

Mayor Butler then appointed Councilman Rose and Councilman Rhodes to represent City Council and Commissioner Tyson appointed Commissioners Gillis and Blue to represent the County. This committee would study the draft and present it to the joint assembly, if satisfactory, at a later meeting.

City Manager Ray further suggested that the above committee also submit a proposed title for the joint board.

Mayor Butler proposed to the County Commissioners that prospective new members for the board from the county area be considered by the commissioners during the interim period.

This concluded the discussion and Chairman Tyson thanked the members of the Council for their attendance and the meeting was adjourned at 9:00 P. M.
